Who should attend

This workshop is designed to improve the knowledge of faith based organization clerics, managers, ushers and volunteers by providing exposure to key elements of congregational security.

The workshop will provide the participants an opportunity to:

- Recognize potential indicators and warnings of attackers
- Receive an overview on proper methods of approaching suspicious persons
- Interface with law enforcement regarding incidents at places of worship
- Gain an understanding of the incident command system
- Network with other denominations
- Share lessons learned, best practices and experiences with other houses of worship
- Challenges associated with interfacing with the media
- Discuss special place of worship precautions to implement in a pandemic
- Protective measures that houses of worship should consider
